

Ridiculous. Have the grotesquely rich monopolies that own FM and AM radio become so greedy that any kind of innovation that could potentially take a penny or two out of their already bursting pockets. Unless of course this is a you scratch my back, I'll scratch yours scenario in which they take Howard Stern and other "shock jocks" off FM radio and you then try to ensure that satellite radio will not put them out of business? Listen to ALL OF YOUR constituents FCC, not just the ones with the enormous checkbooks. Stop your hunt on Howard Stern and cut down this greedy petition from the NAB.
